

Information for Year Two Children

Dear Parent/carers,

In light of current developments with regard to school closures, and in preparation for such circumstances, we have put together a package of work to be completed by children at home. We have included SAT practice papers which will prepare the children for end of year tests should they go ahead.

All children have been given a home learning exercise book in which to complete work and return to school when it reopens. Children are also being given Inspire Maths workbooks and we would ask that they work through blank sections on a regular basis.

We have included a curriculum overview of our Literacy programme for the remainder of the academic year. There are many free websites which are offering activities and exercises to support the delivery of Literacy at home. As well as covering the termly objectives we would ask children to focus on the basic skills of letter formation, handwriting, punctuation and correct spelling of key vocabulary.

Thank you so much for your continued support. We would like to send all families our best wishes for the coming weeks. We look forward to welcoming our children back into school as soon as is safely possible.

B Robson
